Holy moly

Tell them we are down to do the murakami

Show me the email

I'm curious

Mason you gotta post that subject email

In announcements

Lol

Fri, Dec 3, 2:49 PM

Mason thoughts on pushing:

- 1) BIRKIN as profile pic
- 2) pushing birkin memebrrs to follow each other (including celebs)

Mason Rothchild

omg

i was literally doing thay

that*

rn

MR

lol

Great minds think alike

Mason Rothchild

MR

Mason Rothchild

MR

look what i was typing

WOW

hahhahahaha

Mason Rothchild

MR

Can u show me email

I wanna see

Mason Rothchild

MR

Mason Rothchild

MR

Damn

Not bad not bad

1 Reply

Are you posting

Mason Rothchild

MR

Yeah sec

Moshe Sacks

Mason

What's your plan this weekend

You celebrating or what

Mason Rothchild

MR

Sleeping

lol

Truman

i feel like you should take that 5

MR

tbh

Moshe Sacks

Nah don't take it

Mason you gotta let people know

That's bag holders eat on the future releases

Like these are the senior ones

Mason Rothchild

MR

i told noble

MR

that i'd give him a bag if he could get whales
to sweep the floor

Moshe Sacks

Here's what you could do also

Wow bro this is a sick idea

But you gotta cut us in lol

You ready for 🔥 🔥

The top 100 bag holders can mint a mini version of their bag for 10eth

Or maybe 5eth

Mason Rothchild

i'd say more like 1 eth for that or some shit

10 is too money grabby

lol

MR

holders don't even got 45k

Moshe Sacks

Ya but that's kinda the point

You dont want a lot of mini bags minted

And then the floor price will be really high for them

And that also makes all the top 100 bags more valuable

It's luxury bro

Mason Rothchild

MR

do we give up on david and friends

Heading offline for Shabbat

Mason Rothchild

MR

fasho

But could honestly be a blessing if "future
cops off resell" and RTs

Mason Rothchild

MR

he wont

I'll see u tmo night

Mason Rothchild

MR

he got gifted ape

oh

Mason Rothchild

MR

from moonpay

Yea but we can still airdrop

And it'll seem like it's off floor

Idk

Just a thought

Will hit you tmo night

Let's keep the hype going

Amazing week this week!

Mason Rothchild

lol i need a team

MR

im gassed

Sat, Dec 4, 8:03 AM

Mason Rothchild

Another sold for 9.9

MR

We're moving toward 600k traded in 48hrs

Moshe Sacks

Saw that notification bro

Honestly think we're just getting started

Once there's more bags

Mason Rothchild

noble says he'll get the whales on it

MR

im holding a bag for him

Moshe Sacks

Any thoughts on doing the murakami with Sotheby's

Mason Rothchild

for incentive

my goal was to use sothebys

to get hermes maybe on board

MR

1/1

Moshe Sacks

Interesting

Mason Rothchild

hermes/metabikrins

MR

just one

Moshe Sacks

I like the idea of collabing for Sotheby's regardless honestly

Even if it's not Hermes

I really like this right to a mini bag idea

I jumped the gun with the 10eth mint but think it's worth a discussion. Unless you hate the idea

Mason Rothchild

MR

10eth to mint the small ones?

Moshe Sacks

Could be 3eth

1) makes the existing bags more valuable

2) rewards holders for keeping their bag rn or selling at a higher floor

3) automatically makes the first 100 drop more special than the next 900

Mason Rothchild

MR

could kill the project by looking like a money grab though

Moshe Sacks

So maybe make the mint 1eth

I hear you

Def not trying to fuck the community

I just love the ane conceent of havind a set

Mason Rothchild

It would be dutch action

Which would be fun

MR

Start at 1 eth

Moshe Sacks

Yeah at the end of the day

Mason Rothchild

Goes down by .1 eth every 10 min until .20

Or .1

MR

A lot will buy at 1

Moshe Sacks

I think the point isn't the take more money from the community

Mason Rothchild

MR

Just to get it over with

Moshe Sacks

It's the exact opposite

It's to give more value to bag holders

For being an owner of the og 100

Mason Rothchild

MR

I feel like

Moshe Sacks

Like even if you don't mint it. Just the right to mint is valuable

Mason Rothchild

MR

Just buying a birkin

Moshe Sacks

Bc mint will be less than floor

Mason Rothchild

And like one of the holders of a metabirkin

On next mint day

Will win it

MR

Or something along those lines

Can also throw a party for holders at my store

Get hella celebs

MR

And holders

Moshe Sacks

Yeah I agree

I gotta brainstorm more

Mason Rothchild

MR

I can get kaytra to dj

Moshe Sacks

But it's not about a money grab at all. That's never my intention.

Mason Rothchild

Give matching mini metabirkins to simi & haze the twins

MR

To host

Cause giving 100 to 100 holders

MR

Just would piss people off

MR

Cause jts like the rich get richer type deal

MR

Idea

Hermes Horse

Companion

MR

Would have to create the function down the line

But I can airdrop to holders

And when I get the utility right

They can "attach" to bag

Fluffly horse

And or sell separayely

Moshe Sacks

I really like that idea

Just trying to think it thru

Like maybe first iteration is being able to buy monogram

Sun, Dec 5, 12:49 AM

Mason Rothchild

Lol oof

I think I got it handled now

MR

But Jesus

MR

Mods got salty and tried to fud

We back on track now tho

Need big push to raise floor

MR

David been radio silent again but we need to push him

Sun, Dec 5, 5:58 AM

Moshe Sacks

Sorry for the headache dude

David being a dick

Idt you need to worry about the floor price yet

Just need to incentivise It holding

Sun, Dec 5, 7:35 AM

Moshe Sacks

The FUD is so dumb too. You can legit see I sent one to lala

And didn't list any

Like that's not what you'd do if you were trying to fuck the community for ur benefit

Mason Rothchild

Yeah people are dumb

Thats why i was mad worried about the wallets

MR

They did a whole ass powerpoint of my opensea transactions

Moshe Sacks

LOL that's so nuts

I think this is such a powerful piece

Reminds me of what's going on

But basically we need to find our 1k true fans

The floor will fluctuate until we hit they

That

Mason Rothchild

are y'all free to chat today

MR

i think noble was a little all talk

Moshe Sacks

Yessir

Mason Rothchild

need to plot

MR

cause im lowkey by myself on this going to try and put together a team

Moshe Sacks

100%

Too much for you to handle

Mason Rothchild

MR

need whales to sweep the floor

MR

community is pretty much organized

MR

haha i told y'all

Moshe Sacks

At these prices don't even need whales

Mason Rothchild

people would pocket watch would watch the etherscan

MR

def but they needa sweep floor

MR

and get rid of the paper handlers

lmk when free for a call

MR

need to do damange control

priority

MR

- incentivize holder
- get people hype on next drop
- secure some major cosigns

Moshe Sacks

Makes sense

I'm flexible

Truman Imk

Yo can you make me a mod

Idk why I cNt see the fud

Mason Rothchild

MR

we cleaned up the whole server

Moshe Sacks

Got it

Mason Rothchild

MR

i haven't slept yet

Moshe Sacks

I wish I could have just posted

That I'm spicy vodka

And there's nothing fishy going on rn

Transferred one to Lala

Mason Rothchild

MR

i really needa secure future

Moshe Sacks

Holding one "personal whitelist"

And one for an unnamed celeb

That's so legit

Idt it has to be future

Just has to be another celeb

Mason Rothchild

its gotta be lol

cause i had to tell people in chat where shit was going

tjey werte like

MR

why was 120 in eth trasferred to you

Moshe Sacks

I mean I can just transfer it to future wallet then right

Mason Rothchild

predrop

im like jesus

yeah but david gave me a bullshit wallet

MR

none of the 3 he sent were futures

Moshe Sacks

I can just send to the one holding his three

Mason Rothchild

MR

yeah but it would just disappear

Moshe Sacks

Someone on future side has access to it no?

And the community gonna wanna see it in future confirmed wallet

Mason Rothchild

MR

ima hit up his side chick

Moshe Sacks

I think this is the only wallet to send it to

For it to be confirmed its future

0x1616b4c7cdb4093befbcca62f31989933
27a8e9e

Shouldn't I just transfer to this wallet

Mason Rothchild

MR
